COMMUNICATION DESIGN - Interactive Design Specialization
Associate of Applied Science Degree   **AL**

Purpose: The curriculum is designed for persons who seek full time employment in the Communication Design profession. Upon completion, an individual would be prepared to work in the field of web based interactive design including multimedia techniques specific to the web.

Recommended preparation: Proficiency in high school English and a satisfactory aptitude for drawing.

Equipment and Supplies: Communication Design students are required to purchase certain basic equipment and materials necessary to achieve professionally-oriented objectives. Most of the equipment is purchased in the beginning class (Introduction to Graphic Skills) and can be used throughout the two-year program.
