AIR CONDITIONING AND REFRIGERATION

Associate of Applied Science Degree

WO

Purpose: This curriculum is designed to prepare students for jobs in the air conditioning and refrigeration field. The occupational objectives include service, maintenance, repair, and installation of air conditioning and refrigeration equipment.

Transfer Information: Transfer is *not* the primary purpose of an A.A.S. program, but NOVA has articulation agreements that facilitate the transfer of this and other career-oriented programs to selected senior institutions. Students interested in transfer should contact a counselor or their faculty advisor early in their program.
