

BUSINESS MANAGEMENT:

Healthcare Administration Specialization

Associate of Applied Science Degree

AL, AN, LO, MA, WO

Purpose: This curriculum is designed for persons who seek employment as a supervisor, manager or assistant manager in a physician's office or other medical practice. The program of study blends training in the principles of business operations, management, and healthcare administration, to include marketing, human resource management, reimbursement, accreditation standards, legal issues, and computer applications. A graduate of this program will be prepared for an entry-level position in the healthcare industry and will have the overall academic preparation needed to make it possible to advance to a higher-level position along with further education.

Recommended Preparation: The student should possess a proficiency in high school English and a strong background in basic arithmetic operations.

*The HIM courses in this degree are only offered at the Medical Education Campus or through ELI.
