

## COMPUTER AND ELECTRONICS TECHNOLOGY

Associate of Applied Science Degree

AN

*Purpose:* This curriculum is designed to prepare persons for employment in the computer, telecommunications, and other industries with a significant electronics component. Occupational objectives include entry-level opportunities in the computer, telecommunications, radio and television, electronics, metrology, and industrial control fields with positions involving activities such as research and development, laboratory support, electronics equipment fabrication or repair, and field test support.

*Transfer Information:* Transfer is **not** the primary purpose of an A.A.S. program, but NOVA has articulation agreements that facilitate the transfer of this and other career-oriented programs to selected senior institutions. Students interested in transfer should contact a counselor or their faculty advisor early in their program.

*Recommended Preparation:* Successful completion of high school algebra and geometry.
