

ENGINEERING TECHNOLOGY:

Drafting Specialization

Associate of Applied Science

AL, AN

Purpose: This curriculum is designed to provide individuals with skills, knowledge, and techniques to obtain employment as a drafter in any of the many architectural or engineering firms and other organizations requiring drafting and design professionals. This degree offers a broad range of drafting experiences. With technical electives each individual is offered the opportunity to emphasize a particular drafting area of interest.

Internships are available through Cooperative Education and students are encouraged to participate to complement academic preparation.

Two Years		Credits
1st Semester

Total credits for the A.A.S. Degree in Engineering Technology with a Specialization in Drafting = 67-69

¹ The CST elective may be selected from the following: CST 100, 110, 115, 126, 227 or 229.

² MTH 163-164, 6 cr., may be substituted for MTH 166.

³ The PED requirement may be met by one of the following options: PED 116, 2 cr.; PED 116, 1 cr. plus a PED activities course, 1 cr.; or PED 116, 1 cr. plus RPK activities course. PED 116 is offered as both a 1-credit and a 2-credit course.

⁴ The social science elective may be selected from the social/behavioral sciences courses listed under General Education Electives. Students planning to transfer should consider taking HIS 101-102 or HIS 111-112.

⁵ Technical electives may be selected from ARC, CIV, DRF, or ETR prefixes. MEC 210 (which is offered only on Annandale Campus) may also be selected.

⁶ Humanities/fine arts elective may be selected from the humanities/fine arts courses listed under General Education Electives.

⁷ CIV courses are offered only on the Alexandria campus.

⁸ MEC 118 is offered only on the Annandale campus.
