

## GENERAL STUDIES

Associate of Science Degree

AL, AN, LO, MA, WO, ELI

*Purpose:* The General Studies A.S. degree is a flexible associate degree. For students who plan to transfer, the degree can parallel the first two years of a four-year B.S. degree program if they choose courses that match the transfer institution's requirements. For those students who do not plan to transfer, the degree allows them to structure a program to suit their needs using accumulated credits from a variety of formal and experiential sources.

*Transfer Information:* Students are advised to work closely with the faculty and counseling staff for program and course scheduling. Electives should be chosen carefully to meet requirements of transfer institution. The responsibility for proper course selection rests with the student. Students are encouraged to complete the A.S. degree before transferring.
