Medical Education - Allied Health and Nursing Curricula
(Effective for New Students Fall 2010)

RADIOGRAPHY

Associate of Applied Science Degree

MEC

Purpose: The curriculum is designed to prepare students to produce diagnostic images of the human body through safe application of x-radiation. The radiographer is a central member of the health care team and assists the radiologist, a physician specialized in body image interpretation. Upon successful completion of degree requirements, the student will be eligible to take the American Registry of Radiologic Technology (ARRT) examination leading to certification as a Registered Technologist in Radiography: A.S., R.T.(R).

Transfer Information: Transfer is **not** the primary purpose of an A.A.S. program, but NOVA has articulation agreements that facilitate the transfer of this and other career-oriented programs to selected senior institutions. Students interested in transfer should contact a counselor or their faculty advisor early in their program.

Admission Requirements:

Students must:

- Comply with all General Admission Requirements for Allied Health Programs.
- Review on-line information session at www.nvcc.edu/campuses-and-centers/medical/academic-divisions/info-session/radiography-diagnostic-imaging.html.
- Review competitive admission and deadline for applications on the radiography website at www.nvcc.edu/campuses-and-centers/medical/academic-divisions/allied-health/diagnostic-imaging-radiography.html.
- Qualify for MTH 151.
- Have completed BIO 141 and BIO 142 with a grade of "B" or higher.
- Have completed ENG 111 with a "B" or higher.
- Have completed SDV 101 Orientation to Healthcare with a "B" or higher.
- Have completed RAD 100 with a "B" or higher.
- Have completed a clinical observation.
- Special Program Requirements: The American Registry of Radiologic Technology requires an applicant to be of good moral character. "Generally, the conviction of either (a) felony or (b) any offense, misdemeanor or felony involving moral turpitude indicates a lack of good moral character for registry purposes. Those who have been convicted of a crime may be eligible for registration if they have served their entire sentence, including probation and parole, and have had their civil rights restored." For further information contact the assistant dean.

All incomplete grades (I) must be resolved prior to taking the next course in the sequence.
