

Radiography Program Changes to the 2024 Admission Cycle

The following changes are being made to the application requirements for the Radiography program beginning with the 2024 application cycle:

- [Self-place](#) for **MTH 161** (qualify only; completion of MTH 161 is not required)
Direct Enrollment and Self-Placement Info: www.nvcc.edu/academics/placement/
(change from qualification for MTH 154)
- **TEAS Test:** Minimum required score of **50** on Reading, Writing, and Math sections
(TEAS Test is being added as a requirement to apply; Science section not required)

All additional application requirements remain the same:

- Review online Information Session
- Have minimum 2.5 cumulative GPA
- Complete or transfer **SDV 101 Orientation to Healthcare** or SDV 100; must have B or better grade
- Complete or transfer **ENG 111**, ENG 112, or a 200-level ENG literature course; must have B or better grade
- Complete or transfer **BIO 141**; must have B or better grade and be within 10 years
- Complete or transfer **BIO 142**; must have B or better grade and be within 10 years
- Complete **RAD 105**; must have B or better grade

2024 applicants will be reviewed and ranked by:

- Final grades in RAD 105, BIO 141 and BIO 142
- TEAS scores

Additional points awarded for:

- Students that have completed HLT 141 Medical Terminology, a Social Science elective, and a Humanities/Fine Arts elective *at time of application*
- Students that achieved an "A" on the first attempt in BIO 141 & BIO 142
