

College Readiness Data Fairfax County High Schools: Fall 2009 to Fall 2013

Research Report No. 73-15

Office of Institutional Effectiveness and Student Success Initiatives

JUNE 2015

NORTHERN VIRGINIA COMMUNITY COLLEGE

OFFICE OF INSTITUTIONAL EFFECTIVENESS AND STUDENT SUCCESS INITIATIVES

The purpose of the Office of Institutional Effectiveness and Student Success Initiatives is to conduct analytical studies and provide information in support of institutional planning, policy formulation, and decision making. In addition, the office provides leadership and support in research related activities to members of the NOVA community engaged in planning and evaluating the institution's success in accomplishing its mission.

When citing data from this report, the Northern Virginia Community College (NOVA) Office of Institutional Effectiveness and Student Success Initiatives must be cited as the source.

4001 Wakefield Chapel Road Annandale, VA 22003-3796 (703) 323-3129 www.nvcc.edu/oir

College Readiness Data: Fairfax County High Schools

Introduction

This report presents data from the Virginia Community College System (VCCS) on students' level of preparedness for college, or college readiness. Information is included for students enrolled in a VCCS college who graduated from high schools served by Northern Virginia Community College (NOVA). Because the data are shown for students who had previously attended a high school within NOVA's jurisdiction, the majority of data in this report will represent NOVA students. However, it is possible that some students who attended a Northern Virginia high school may have enrolled in a VCCS college other than NOVA. These students would also be included in the tables in this report.

The data in this report, presented in table format, provide information on indicators of college preparedness which shows how well high school graduates are prepared for college. This information includes the student outcomes of recent high school graduates during their first semester at a VCCS college.

The tables in this report consist of two types: a one-year profile for 2012-13 high school graduates enrolled at a VCCS college during Fall 2013, and a five-year aggregated profile (Fall 2009 through Fall 2013) of high school graduates enrolled at a VCCS college. The following categories are included:

- a. Number of high school graduates by high school;
- b. Dual enrolled students;
- c. Compass placement test results;
- d. Grade Point Average (GPA) ranges;
- e. Course grades;
- f. Curricular program classifications; and
- g. Curricular program selections.

This report presents the data for Fairfax County. Fairfax City data are included in this report as well. Data for the other public school districts in NOVA's service area (Alexandria City, Arlington County, Falls Church City, Loudoun County, Manassas City, Manassas Park City, and Prince William County) are presented in separate reports. The information in these College Readiness reports includes only the data provided by VCCS on this subject area.

Explanatory Notes for Tables

The tables in this report consist of two types: a one-year profile and a five-year aggregated profile. The first series of tables for each school district presents results for Fall 2013. The second series of tables for each school district repeat the same type of information presented in the first series; however, the data are aggregated by high school for the five-year period of Fall 2009 through Fall 2013. A brief explanation of each table within each series is provided below.

Section 1. A One-Year Profile for 2012-13 High School Graduates Entering Community College in Fall 2013

Number of Graduates by High School

This table shows the number of high school graduates from each high school within the school district during the 2012-13 academic year.

Number of Students Who Were Dual Enrolled in High School

This table presents the number of students entering community college in Fall 2013 who were dual enrolled during high school.

VPT Placement Results

These two tables display the Virginia Placement Test (VPT) results by high school for high school graduates entering community college in Fall 2013.

Distribution of GPA Ranges

This table shows the distribution of GPA (grade point average) ranges for community college students in Fall 2013 by the high school from which they graduated.

Distribution of Grades Earned in Developmental Courses

This table presents the distribution of grades earned by community college students in developmental courses in Fall 2013 by the high school from which they graduated.

Distribution of Grades Earned in College-Level Courses

This table presents the distribution of passing grades (A, B, C, D) earned by community college students in college-level courses in Fall 2013 by discipline. It also presents the distribution of unsuccessful grades (F, W). The grades are aggregated for all students in all high schools within a school district.

<u>Curricular Program Selections</u>

There are two types of tables under Curricular Program Selections for each school district. The first table presents community college students who chose a curricular program (career-tech, transfer, or unclassified) during the Fall 2013 semester by the high school from which they graduated. The second set of tables (one for each high school) specifies the disciplines that were selected by those students.

Section 2. A Five-Year Aggregate Profile from Fall 2009 through Fall 2013

Number of Graduates by High School

This table shows the number of high school graduates from each high school within the school district from the 2008-09 academic year through the 2012-13 academic year.

Entering Fall Number of Students Who Were Dual Enrolled in High School

This table presents the number of students who entered community college between Fall 2009 and Fall 2013 who were dual enrolled while in high school.

VPT Placement Results

Due to changes to placement testing, these tables display only the VPT placement test results by high school for high school graduates who entered community college in Fall 2013 for English results and an aggregate of Fall 2012 and Fall 2013 for math results.

Distribution of GPA Ranges

This table shows the distribution of Fall term GPA (grade point average) ranges for students who entered community college between Fall 2009 and Fall 2013 by the high school from which they graduated.

Distribution of Grades Earned in Developmental Courses

This table presents the distribution of grades earned in developmental courses by students who entered community college between Fall 2009 and Fall 2013 by the high school from which they graduated.

Distribution of Grades Earned in College-Level Courses

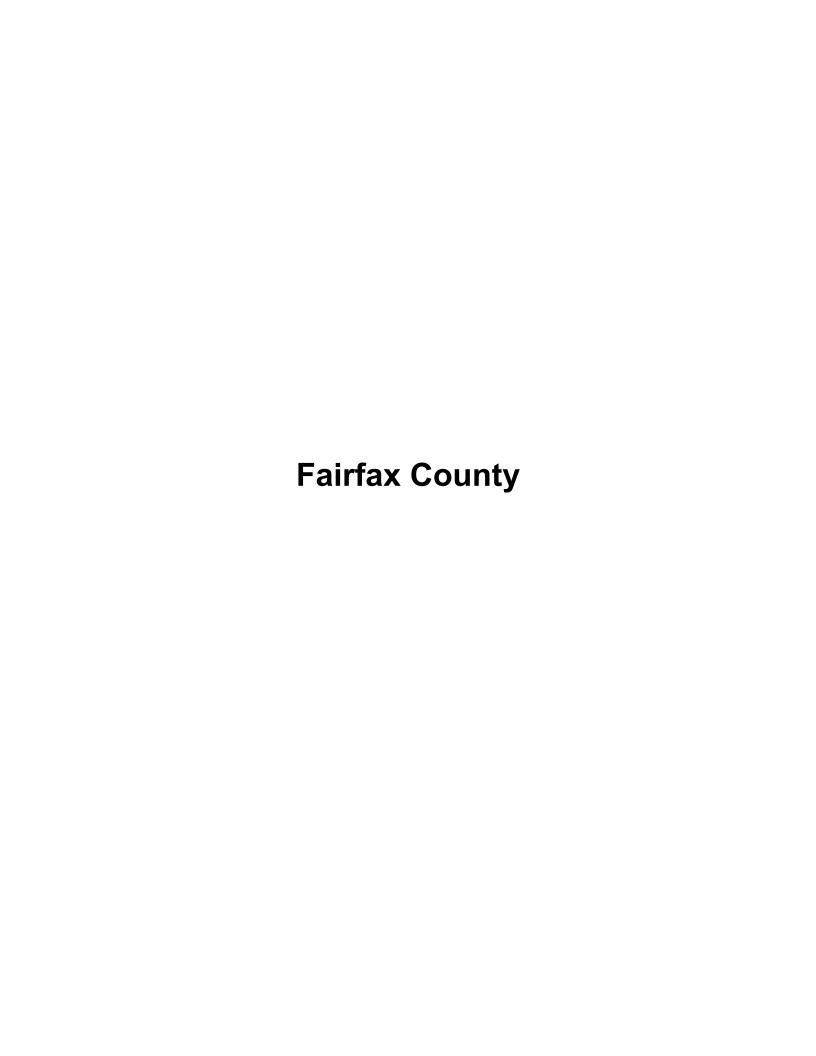

This table presents the distribution of passing grades (A, B, C, D) earned in college-level courses by students who entered community college between Fall 2009 and Fall 2013 by discipline; it also presents the distribution of unsuccessful grades (F, W). The grades are aggregated for all students in all high schools within a school district.

Curricular Program Classifications

This table presents the curricular programs (career-tech, transfer, or unclassified) chosen by students who entered community college between Fall 2009 and Fall 2013 by the high school from which they graduated.

Curricular Program Selections

These tables (one for each high school) specify the disciplines that were selected by community college students in curricular programs between Fall 2009 and Fall 2013.

NOVA Mission and Strategic Goals: 2005 – 2015

Mission

With commitment to the values of access, opportunity, student success, and excellence, the mission of Northern Virginia Community College is to deliver world-class in-person and online post-secondary teaching, learning, and workforce development to ensure our region and the Commonwealth of Virginia have an educated population and globally competitive workforce.

Strategic Goals

- I. STUDENT SUCCESS Northern Virginia Community College will move into the top tier of community colleges with respect to the college readiness, developmental course completion, retention, graduation, transfer, and career placement of its students.
- II. ACCESS Northern Virginia Community College will increase the number and diversity of students being served to mirror the population growth of the region.
- III. TEACHING AND LEARNING Northern Virginia Community College will focus on student success by creating an environment of world-class teaching and learning.
- IV. EXCELLENCE Northern Virginia Community College will develop ten focal points of excellence in its educational programs and services that will be benchmarked to the best in the nation and strategic to building the College's overall reputation for quality.
- V. LEADERSHIP Northern Virginia Community College will serve as a catalyst and a leader in developing educational and economic opportunities for all Northern Virginians and in maintaining the quality of life and economic competitiveness of the region.
- VI. PARTNERSHIPS Northern Virginia Community College will develop strategic partnerships to create gateways of opportunity and an integrated educational system for Northern Virginians who are pursuing the American Dream.
- VII. RESOURCES Northern Virginia Community College will increase its annual funding by \$100 million and expand its physical facilities by more than one million square feet in new and renovated space. This includes the establishment of two additional campuses at epicenters of the region's population growth, as well as additional education and training facilities in or near established population centers.
- VIII. EMERGENCY PREPAREDNESS AND CONTINUITY OF OPERATIONS Northern Virginia Community College will be recognized as a leader among institutions of higher education in Virginia for its development and testing of emergency response and continuity of operation plans.
