

Textbook & Digital Access Refunds

A full refund will be given in the original form of payment for Textbooks and Access Cards **during the first week of your class.** Textbooks can be returned in person during bookstore business hours or they may be mailed back to the bookstore. You need to provide the original receipt and a copy of your class schedule showing the start date. We do not provide return shipping labels. Please pack securely if mailed! Damaged returns will not be refunded. We would recommend using a method of shipping that you can track. Any purchases after the first week of class are considered non-returnable.

Textbooks and access cards must be in original condition and not exposed. Shrink-wrapped books must be returned with all items unused, and not activated. No refunds on unwrapped loose-leaf books. No refunds on Digital Content once accessed.

Refunds mailed back to the bookstore need to use the address located on the top right corner of your receipt. The information is also located on the refund bookmark attached to your receipt.

Digital Content Textbooks that were received electronically follow the same policy and they must not have been activated to be eligible for a refund. Please notify the store by phone or email for refunds of content received electronically.
