

VIRTUAL EMPLOYER TABLES

Program Policies

The virtual information table lobby is open once per month for a span of two hours. Reserving a table is currently free for approved Career Connection employers and availability will be first-come, first-served, with preference given to employers that have not previously participated.

- Employer participation in this program is intended to support NOVA students' career development and exploration. Employers may provide information about career paths in their industry or organization and/or specific openings for jobs or internships. Employers may not promote products or services of any kind.
- Employers who recruit at Northern Virginia Community College (NOVA) must comply with all Federal, State and Local legislation and College policy including, but not limited to, [NOVA's Policies Regarding Employer Recruitment Practices](#) in place to ensure that NOVA students and alumni are treated fairly and are recruited for viable positions.
- Failure to show up to your reserved virtual table or remain available as advertised will result in suspension from future participation in the program for the remainder of the academic year.
- Third party recruiters are prohibited from participating in the Virtual Employer Table program. Exceptions may be evaluated on a case-by-case basis.
- Employers may participate in up to two virtual employer tables per semester.
