

## How to Obtain Textbooks in an Alternate Format

Read this information carefully before requesting your textbooks in alternate format.

Alternate format includes audio books, electronic format (e-books), or PDFs. If you use screen-reader or text-to-speech software to read your books, we recommend checking Vital Source to see if your book is available there.

Students are expected to search for these books using the following resources. If you are unable to obtain one of these formats, or if you think you need a copy of the PDF, you can request help through your disability support services counselor or email [altformat@nvcc.edu](mailto:altformat@nvcc.edu).

### Ebooks/EPUBs

Check [Vital Source](#). Some publishing companies are making their accessible textbooks only available through Vital Source. The books are accessible with their web reader called “My Bookshelf”. These textbooks provide a copy of the print text, with the option to also have it read out loud.

### Audiobooks

Check [Learning Ally](#) & [Audible](#)- these books will be audio only, it is not accompanied by print. Students are responsible for creating their own accounts to access the books.

### Send a Request to the DSS Office

If the book is not available through Vital Source or as an audiobook, purchase it through the NOVA bookstore or another provider and send the [125-011](#) form to [altformat@nvcc.edu](mailto:altformat@nvcc.edu). Include your receipt proof of purchase. The office will look for a PDF or EPUB of your book. It can take up to a month to complete the process, you are advised to begin as early as possible.
