

HOW TO OBTAIN TEXTBOOKS IN ALTERNATE FORMAT

Read this information carefully before requesting your textbooks in alternate format. Alternate format includes audio books, electronic format (e-books), or PDFs. Students are expected to search for these books using the following resources.

eBooks/EPUBs

Check [Vital Source](#). Some publishing companies are making their accessible textbooks only available through Vital Source. The books are accessible with their web reading called “MyBookshelf”. These textbooks provide a copy of the print text with the option to also have it read aloud. If you use screen-reader or text-to-speech software to read your books, we recommend checking VitalSource to see if your book is available there.

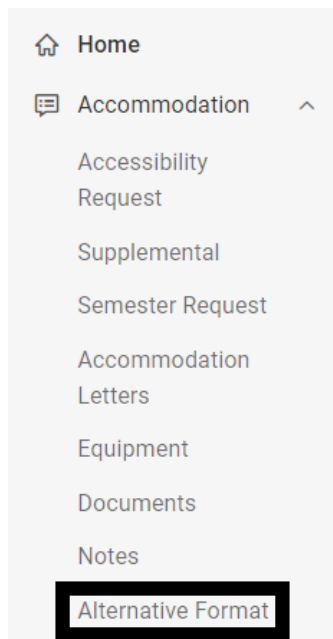

Check [Bookshare](#). These books are available in multiple formats. Students approved for alternate format accommodations can request a free Bookshare account by contacting atoffice@nvcc.edu.

Audiobooks

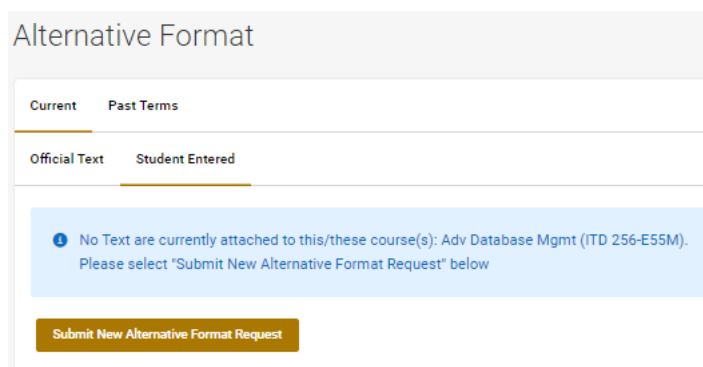

Check [Learning Ally](#) and [Audible](#). Books available through these sources are only available in audio format; books will not be accompanied by a print copy. Students are responsible for creating their own accounts to access the books.

Send a Request to Accommodations and Accessibility Services

If the book is not available through these sources, purchase it through the NOVA bookstore or another provider and submit your request for alternative format in your [Accommodations Profile \(Accommodate\)](#). Select “Alternative Format” listed under Accommodation in the left navigation menu on the student interface.

Navigate to the **“Student Entered”** tab to request a text. Click **“Submit New Alternative Format Request”**, then complete and submit the form.

The office will look for a PDF of your book. It can take up to a month to complete the process. You are advised to begin as early as possible. Email atoffice@nvcc.edu with any questions.
