

## G3 Initiative @ NOVA

### Credit for Prior Learning

The G3 program makes it possible for Virginians with low or modest income to pursue jobs in high-demand fields. At NOVA, we understand that time and money are two major factors to consider when exploring training for a new career. To support you on your new endeavor we award college credit for completion of industry certifications.

To have your previous work evaluated by NOVA:

1. Fill out the Transfer Credit Evaluation Request Form (#125-049E).
2. Send your official documents (certification) to AsktheCRO@nvcc.edu.

Students may have official transcripts sent to NOVA via the National Student Clearinghouse, Naviance, Parchment or directly from their former institution. Costs associated with sending the transcript(s) are the responsibility of the student.
