HOW TO CHANGE YOUR myNOVA PASSWORD

On the NOVA web site, go to the myNOVA login screen and log in.

At the portal menu, select ‘Account Details’ in the upper right hand corner of the page.
On the next screen select ‘Change your Password’

On the next screen enter your new password in compliance with the Password Security Standards on the right side of the page and select ‘OK’.

Password Security Standards:
New password must have at least eight characters and not more than thirty-two. Your password must contain a combination of:
* At least one UPPER/CASE letter
* At least one lowercase letter
* At least one number (0-9)
* At least one special character (e.g., !@#$%^&*()_+[]{}|;')
Secure your NOVA account by changing your password.

**Change Password**

To change your password, please follow these steps:

- Enter and verify a new password following password security standards.
- Click "OK".
- You will see a message "Your password has been reset and notification of the change has been emailed to you."

**Password Security Standards**

New password must have at least eight characters and not more than thirty-two. Your password must meet the following requirements:

- At least one UPPERCASE letter
- At least one lowercase letter
- At least one number (0-9)
- At least one special character (e.g., `@#$%^&*()_+{}|:,;?.)

**How to Choose Strong Passwords**

This is an example of a strong password. Make sure your password is unique and not susceptible to common dictionary attacks. Avoid using the same password for multiple accounts to minimize potential security breaches.
