The ITHD Ticketing System

The ITHD Ticketing System is a web-based application, which allows users to submit IT support requests for resolution or routing by the College’s ITHD Team. NVCC faculty, staff, and students can submit requests for technical support in several ways:

- The NOVA Student and Faculty Support Portal.
- The ITHD website.
- An email to the ITHD.
- A telephone call to the ITHD at 703.426.4141.

The Ticketing System captures all these requests and automatically creates a ticket. The ITHD will receive and process your support request as soon as possible.

The ITHD receives thousands of requests for assistance on password issues. Per NOVA IT Security Protocols, the ITHD DOES NOT reset passwords or otherwise administer accounts via email or Chat.
If you need a password reset or need to check sensitive information within any of the College’s applications, speaking live on the telephone to an ITHD Analyst is the ONLY way your request can be handled. In order to reset your password, you should have the following information ready prior to contacting the ITHD:

- Your StudentID or EmplID (e.g., 1234567).
- Your DOB (e.g., January 1, 1982).
- The Answer to your Security Question that is unique to your account (the one that you created in MyNOVA).
- Your Social Security Number (SSN) (e.g., 123456789).

**Note:** Your SSN is only required if you cannot provide the correct response to the account’s Security Question (or, have not yet set up your account Security Question and Answer in MyNOVA).
