1. Click on the Apple icon in the upper left corner and select System Preferences. You can also click on System Preferences from the dock.

2. Select the Network icon under the Internet & Wireless heading.
3. Highlight Wi-Fi on the left side of the screen and ensure the Status is **On**. If the status is **OFF** click on the Turn Wi-Fi On button to the right. You will now see the status changed to **On**.
4. When prompted for a **Username** and **Password** enter in the appropriate credentials and select the **Join** button.

For the **Directory**:

Username: directory\myNOVA username

Example: **directory\user0002**

Password: myNOVA password
