1. Tap ‘Settings’. (You may need to drag down from the top of the screen to see this icon)

2. Tap “Wi-Fi’ in Settings
3. Tap ‘NOVAWIFI’
4. Enter your NVCC LAN ‘UserName’ and NVCC LAN ‘Password’. Make sure to enter ‘nvcc’ in front of your UserName. Click ‘Connect’.
5. If entered correctly you will be connected to the ‘NOVAwifi’ wireless network.
Show Wi-Fi pop-up.
When opening apps, tell me when Wi-Fi is available.
