

Loudoun Forum Council

Meeting Agenda

January 24, 2017

2:30 PM

- I. Welcome
- II. Review and approval of minutes from last meeting
- III. Old business
 - a) Updates from January Senate meeting – Mike, Nelson, Lisa
 - i) Input sought for NOVA calendar. Should the spring semester start later in January? If so, why? What other potential changes need to be considered in the academic calendar? Each campus will report to the Senate in March.
 - ii) Ad Hoc Senate Committee for Legislative Concerns- the Forum Councils at each campus have been asked to nominate representative from their campus
 - iii) Parking and Transportation- concerns have been presented to Dr. Ralls
 - b) IT support at Signal- there is still no permanent support at Signal Hill. IT goes over on an as-needed basis. Faculty need to submit tickets to IT every time they incur a technology problem in the classroom. This “evidence” is the only way to justify a new position being added in IT so that we can have fulltime support at SH.
- IV. New Business
 - a) Fall 2017 Schedule
 - b) Crossing from main campus to Signal Hill- letter writing campaign
 - c) Faculty parking- Is there a plan to replace the faculty parking spaces that were lost when HEC was built?
- V. Adjournment
