Make a Payment – Authorized Payer

   **Note:** The authorized payer will receive a notification email after the payer has set him/her up as an authorized payer. The payer is responsible for providing an authorized payer with the temporary password.

2. Click Make Payment.

3. Enter the amount you wish to pay.

4. Enter credit card payment information.

5. Click Continue and follow the on-screen instructions.

**Note:** DO NOT click Back button as payment could be submitted multiple times.
