Annandale Library Display

The exhibit includes a collection of 8 1/2" x 11" quilts depicting favorite books of the artists. Also on display are "inchies" (tiny 1" square quilts), fabric post cards, corded baskets and bowls, 'high fiber cupcakes', fractured flowers and many other items.

The Annandale Campus Library will be hosting an exhibit from 5/12/09—6/26/09 featuring the works of the local fiber artist group 'Playing Outside the Block'.

The group exhibits their work on local, national and international levels and have had artwork published in magazines. Take a look at their website located at: http://www.playingoutsidetheblock.com/.

Learning Communities Summit

When:  Friday, May 15, 2009;  9 a.m. – 4:30 p.m.

Where:  J. Sargeant Reynolds Community College’s Parham Road Campus, Richmond, VA  (beginning in the Gallery in Georgiadis Hall)

Why:  Learning Communities are one of our best strategies for improving student success. The purpose of this gathering is to share successes and opportunities associated with teaching and managing LCs. There will be special tracks for both faculty and admin participants.

Cost:  Free! Continental breakfast and lunch included; LC materials and enrollment in LC Blackboard site provided.

RSVP:  Send participants’ names, college affiliation, teaching or admin areas, telephone #s and email addresses to cpeterson@reynolds.edu by or before noon on April 30.

Special Note:  If you are interested in providing an update at the summit on the status of LCs at your college, please notify Charlie Peterson (804.523.5821 or above email address) or Miles McCrimmon at mmccrimmon@reynolds.edu, ASAP!

This professional development opportunity is supported by a VCCS workshop mini-grant.
Northern Virginia Community College-Manassas

Marine Ecology Field Course - Bio 275

This is a 4 credit course with the lab being a field excursion to the Florida Keys from June 22-26. Class starts May 17.

Space is very limited and filling fast so sign up as soon as possible!

Students will be immersed in tropical marine ecology. Activities include snorkeling the coral reef, visiting a turtle hospital, participating in active research, etc.

Cost:
The cost of this trip is approximately $750 plus airfare. You must arrange your own travel to and from the point of activity. These costs do not include the normal college tuition.
