On the Move... Again!

The offices of Continuing Education and Workforce Development are on the move... again! This time they're not just moving across the hall, they're moving across the beltway to space in the Pitney Bowes building. Trucks pulled up to the Brault building the morning of September 6 as desks, bookcases, filing cabinets and boxes were loaded for the two-mile trek, while Con Ed staff members efficiently supervised the handling and transportation of the precious cargo.

MasterCard Training Sessions at the MEC

Training sessions will be held for all charge card holders on September 18 at the MEC in room 253 at 10:00 a.m. and 1:30 p.m. These sessions will review charge card policies and procedures, including updated information from the previous American Express card.

Anyone who missed the training held last October, December or April, should attend one of these two sessions. This will meet the training requirement for charge card users. It is also recommended that supervisors of card holders attend.

For more information, contact *Yvonne Tharp* at 703-323-3305 or by e-mail at ytharp@nvcc.edu.

MEC Holds Welcome Back Picnic

On August 24, the Medical Education Campus started the new school year with a “Welcome Back to School” bash. This kick-off celebration also marked the first major event for the Campus’ new student activities coordinator, Jessica Hutsko.

The celebration was a huge success. Attendees enjoyed a barbecue lunch and the picnic provided Campus offices and clubs the opportunity to share information about their services. The MEC looks forward to holding more fun and informational events throughout the academic year.
