## NOVA Officers Still Out and About On Campus

During the COVID-19 crisis, NOVA officers and dispatchers are on campus every day. In addition to our regular patrols, we are using this time to enhance our training and proficiencies in various areas. Also, we are continuing to monitor and control access to College buildings to allow critical maintenance to be conducted.

Inasmuch as our responsibilities require us to

interact with various individuals, we have adopted CDC recommendations on social distancing, wearing masks, and hand washing as required in specific scenarios.

Appearing clockwise: Dispatcher Joselyn Santana, Sgt. Chris Ovenden (MA), and Officer Austin Dennis (LO).
