

The NOVA wireless network is for NOVA faculty, staff and student use only. Access to the wireless network is granted through your faculty, staff and student accounts. Use of the NOVA wireless network by non NOVA employees or students is forbidden. Sharing of accounts is also forbidden. All access through the network may be monitored. Any illegal use of the wireless network will be reported to the proper authorities.

## Connecting to Wi-Fi Instructions

1. Click on the wireless network icon/wireless settings on your device.
2. Select **NOVAwifi** and click Connect.
3. Enter your **MyNOVA** credentials and click **Ok**.

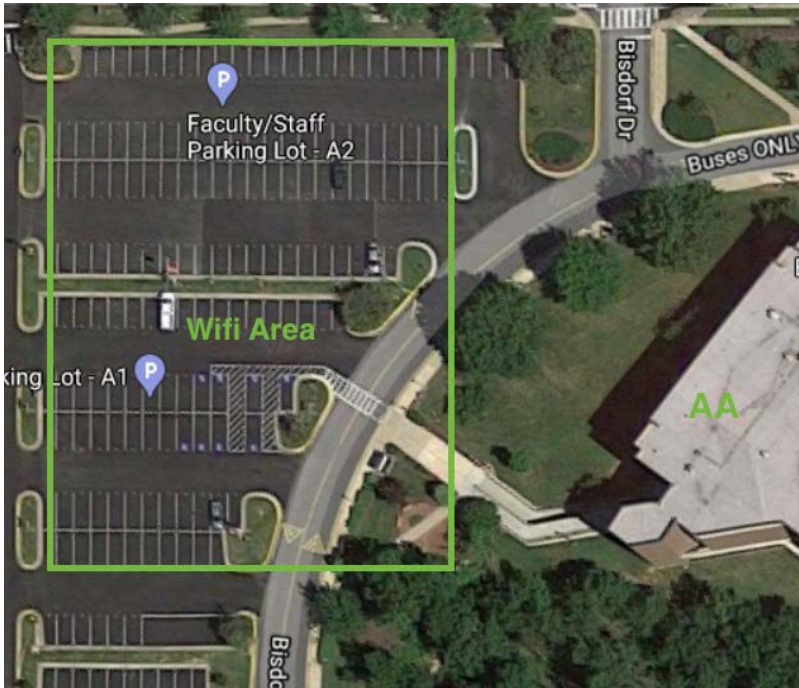

4. Accept the security certificate by pressing the **Connect** button.
5. When connected, the Wi-Fi icon in the system tray will be filled, indicating wireless signal strength
