Instagram

Instagram is a photo and video sharing social networking service that enables its users to take pictures and videos, and share them on a variety of social networking platforms, such as Facebook, Twitter, and Flickr.

Creating an Account:
- Instagram is a mobile app that can be downloaded on your smartphone or tablet
- To create an account, you must download the app first and create an account using the app. You cannot create an account using a computer, but you can view your posts on a computer after creating your account.

Logging In:
- Visit [www.instagram.com](http://www.instagram.com)
- Click on Login button
- Enter your username and password (you can login on a computer as well as on your smartphone or tablet)

Following Others:
- Press the Follow button located at the bottom left corner of the Instagram user profile
Uploading Pictures:
- You can add pictures from your mobile device or take a photo from your mobile device camera (Note: You cannot add images to Instagram using your computer)
- On your mobile device, open the Instagram application and tap on the camera icon located at the bottom of the app to take a picture

Liking a Post:
- Double tap a photo or video to like it or tap the heart ❤ icon located underneath the post

Adding Comments:
- Write your comment in the comment textbox located below the post
