Virtual Computer Lab – Desktop Software Catalog

The [NOVA Virtual Lab](https://virtualstudent.nvcc.edu) (https://virtualstudent.nvcc.edu) provides students access to Windows 10/11 desktops with frequently used student software which is available at onsite campus computer labs. Students can access the Virtual Lab 24x7 from any Windows, Mac OS, or iOS device with a high-speed Internet connection.

IMPORTANT NOTES
- As with a traditional Computer Lab, there are a limited number of available seats. As a courtesy, you should try to limit your time on the virtual applications to allow other students an opportunity to use the software.
- Once you close an application, there is an automatic 15-minute idle timeout feature to release the session to another student.
- The virtual desktops reset after each session and your data cannot be saved to the virtual computer lab environment.   You need to SAVE your work early and often using your local hard drive or an external storage device (e.g., thumb drive/USB key) or cloud storage solutions as Google Drive or Microsoft OneDrive.
- Software availability is subject to change.
- Best to use Google Chrome browser to receive best experience with Citrix Workspace App.

VIRTUAL DESKTOPS

Virtual Desktop Name	Machines Available	Standard Software	Other Software
GENLAB-DESKTOP	50	• AcePrint • Adobe Acrobat Reader DC • Google Chrome • Microsoft Edge • Mozilla Firefox • Office 2019 Pro	• VLC Player v3.0.20 • Respiratory SE (Access Required) v2020
DENTRIXLAB-DESKTOP (For Dental Program Students Only)	135		• Dentrix Enterprise v11.0.20 • DEXIS v9.4.5
RESLAB-DESKTOP	40		• VMware Workstation v17.0.0 • Oracle VM VirtualBox v7.0.12 • 7-Zip v23.01 • Cisco Packet Tracer v8.2.1
ITE-DESKTOP	80	• AcePrint • Adobe Acrobat Reader DC • Google Chrome • Microsoft Edge • Mozilla Firefox • Office 2019 Pro • 7-Zip v23.01 • FileZilla v3.66.1 • Java v21.0.1 • Notepad++ v8.6 • Python v3.11 • Visual Studio Code v1.85.1 • VMware Workstation v17.0.0	• Oracle VM VirtualBox v7.0.12
ITP-DESKTOP	80		• Flowgorithm v3.4.2 • Visual Studio Community v2022 • IntelliJ Community v2023.2.5 • Anaconda individual edition v3 2023.07-2 • PyCharm Community • IDLE IDE • Android Studio v2023.1 • Linux Subsystem • Eclipse IDE v2023-06 • jGRASP v2.0.6_11 • Microsoft Azure Tools • RAPTOR • PyDev • Python Interpreter
ITN-DESKTOP	80		• AWS CLI v2 • GNS3 • HashMyFiles v2.37 • Putty v0.79 • Linux Subsystem • Npcap

Last Updated: 1/5/2024

			• Oracle VM VirtualBox v7.0.12 • Ubuntu • Cisco Packet Tracer v8.2.1 • Recuva v1.53	
ITD-DESKTOP	80		• Oracle release 19C • Oracle data Modeler • MySQL Community (v8) • MySQL Connector • MySQL Workbench • Microsoft Visio 2019	**VIRTUAL**
